PRINCIPLE AND HARMONY.

If the cause of bimetalism is honest and just, if what the Republican party has said and done for bimetalism in the past is founded on principle, if what they say now about being in favor of bimetalism if other nations consent, it is just as sound and true as an independent proposition and if the friends of bimetalism act in accordance with principle and with reasonable harmony, the men who packed the St. Louis convention for the single gold standard will be taught a lesson that will be useful and valuable to all future generations.

If that principle was sound in the past it is sound now, and a national convention that turns its back upon principle on the question of finance, is just as reprehensible as though it turned its back on the principle of protection to American industries. Absence of principle must bring disharmony to the combination that controlled the St. Louis convention, and shaped its financial plank for un-American gold standard that is crushing the American producer and doubling the burdens of the debtor class.

Adherence to principle and unselfishness in the councils of the bimetalists will bring harmony and victory. The very selfishness and over-reaching tactics of the goldites is a weakness to their cause. The men who are at the head of the silver movement are showing rare qualities of leadership and patriotic devotion to the country before the party, and we predict if such councils prevail, a union of forces against the gold combination will rescue the country from the clutches of the money power which is now seeking to gain control by abandonment of all party principles.

JOURNAL "X" RAYS.

Directed Upon Persons Prominent Before the Public.

Who is editing the Statesman this week, anyhow.

Query: Who dictates the Statesman editorials?

Meet a common enemy, under the common flag in the cause of the common people.

It is discovered that John B. Waldo and Sylvester Pennoyer have the same handwrite.

Statesman: "We'll stand on any platform the bosses put up." Whoop-la, hurrah for the bosses.

Most of the gold men are only gold plated, when you scratch their backs you find the silver cropping out.

Col. A. I. Wagner, of the Hotel Willamette, is the original Whitney boomer of Oregon, and seems to be strictly in it, just now.

J. C. Cooper, the head of the union bimetallic party of Oregon, is not our Jack Cooper, but his big brother, and a chip off the same block.

The money issue is forced upon the people. Ickelheimer, Heidenbach, Goldstein, Cleveland & Co. are going to vote together, regardless of party. John Smith & Co., will do likewise.

When you go to the coast order THE JOURNAL to follow you with all the home news. It will only cost 25 cents a month by mail, and you will not be sued for the pay.

Hon. C. A. Schibred, of Douglas, who spends his Sundays at the Turner camp meeting, says the four votes of his county will be for John H. Mitchell if he stands on the St. Louis platform, and not otherwise.

In 1890 the Republicans had a free silver platform; the Statesman endorsed it. Since then we have had a bimetalism platform; the Statesman endorsed it. Now we have a single gold standard platform; the Statesman stands on it like a quadruped.

BATHING IN PUBLIC.—Many of the young men are in the habit of bathing in the slough between J. Minto's and Evans' residence in South Salem, in broad daylight. Many complaints have been made of late. It is to be hoped that the young men will desist or wait until after dark.

Are Assembling and Demanding Union

OF FORCES FOR VICTORY

Oregon Not for the Single Gold Standard.

The past week has shown a remarkable growth of union bimetallic sentiment in Oregon, that seems to be completely underestimated by the politicians of this state.

IN LINN COUNTY.

A non-partisan silver mass meeting was held at Hulbert's grove six miles from Albany Saturday. It was a picnic—a 16 to 1 picnic all day—six speakers, two Republicans, two Democrats and two Populists spoke. The Corvallis ladies' band was present, and a match game of baseball was played between the Albany and Oakville clubs. It was the largest gathering of the kind ever held in the county, and the sense of the gathering was a rough in favor of a union of forces in Oregon against the single gold standard. About 1,500 people attended and great enthusiasm prevailed.

J. F. Whitney, one of the Democratic presidential electors for Oregon made the first speech, and after a severe arraignment of the Democratic party declared if chosen elector he would vote for no man for president who was not an independent American bimetalist. Judge Whitney is an able man and an eloquent speaker.

C. H. Dalrymple and Dr. Hill, Populist county chairman, a man of education, ability and financial standing, spoke for the People's party, now the dominant party in Linn county, declared strongly for a union of forces.

Hon. O. D. Porter and E. Hofer spoke for the silver Republicans, taking a conservative position, in defense of protection and bimetalism. The speeches were all well received, and the utmost good feeling prevailed. Never was such an assemblage seen in Linn county. Republicans who love the old flag and honor McKinley, came out by the score, and declared they would not support the gold standard, and favored union on a single ticket of good men for the November election.

The picnic was planned and carried out by County Judge-elect Barton and Representative-elect John Smith, and was a great success. Farmers came to the picnic 25 miles, and a mass meeting is being planned at Brownsville. Linn county is for union and victory. The words of Col. J. C. Cooper in the state call are right to the point, after attending such a gathering as the one in Linn county:

"Only those who have tasted the sweets of such a union of the plain people can realize its real pleasures, and only those who have tried can realize how easy it can be accomplished. The jealousies and distrust will vanish when this second most momentous question that has come before the people, in the history of the republic, is presented. The people can be trusted and they will trust each other."

Napoleon Bonaparte, one of the most powerful men in all history, a man continually wrapped in schemes and campaigns, in plots and counter-plots, a striving intensely and ambitiously for success and power—a man whose utter disregard for human life made his battles the bloodiest the world has ever seen—this man found the heritage of health. The children cannot receive this from a sickly mother. There is no reason why they should have such a thing as "female weakness." It is as unnecessary as it is distressing. Dr. Pierce's Favorite Prescription cures all forms of distinctly feminine sickness. It purifies, strengthens and invigorates. It is prepared for just this one purpose and no other. It's the only medicine now before the public for women's peculiar ailments, adapted to her delicate organization by a regularly graduated physician, an experienced and skilled specialist in these maladies. It cannot do harm in any condition of the system. Its sales exceed the combined sales of all other medicines for women.

Every woman ought to send at once one cent stamp to pay for mailing a free copy of Dr. Pierce's Favorite Prescription. Medical Adviser. World's Dispensary Medical Association, Buffalo, N. Y.

Hon. C. A. Schibred, of Douglas, who spends his Sundays at the Turner camp meeting, says the four votes of his county will be for John H. Mitchell if he stands on the St. Louis platform, and not otherwise.

In 1890 the Republicans had a free silver platform; the Statesman endorsed it. Since then we have had a bimetalism platform; the Statesman endorsed it. Now we have a single gold standard platform; the Statesman stands on it like a quadruped.

BATHING IN PUBLIC.—Many of the young men are in the habit of bathing in the slough between J. Minto's and Evans' residence in South Salem, in broad daylight. Many complaints have been made of late. It is to be hoped that the young men will desist or wait until after dark.

IN JACKSON COUNTY.

The independent bimetalists of Jackson county have called a county convention at Medford, June 27, to elect delegates to McMinnville. The call reads as follows: "The Republican party, once consecrated to human liberty when led by Abraham Lincoln and as the champion of the union and advocate of the rights of the people, became dominant in this country, has been so far driven from its moorings that it stands today by official declaration and on its record absolutely devoted to the gold oligarchy, which seeks to perpetuate its wicked system on this nation."

Twelve delegates from Jackson county will be selected to the state convention, called to meet at McMinnville July 9, 1896, where it is expected a union will be effected, so that the Populists, Silver Democrats and Silver Republicans will have but one Electoral ticket in the field in Oregon. This will mean a victory for it in this state by a majority of at least 20,000 in the presidential election over the single gold standard nominee of the Republican party. By union the silver men will elect the next president; in division they will do precisely what the gold men desire and will place a gold man in the White House for another four years.

WHAT MEN ARE SAYING.

Hon. J. B. Waldo, of Macleay, heartily endorses the Yamhill county plan of union, and says: "The unanimous applause of all friends of silver is due to Col. Cooper, of McMinnville. The origin and success of the movement reminds me of Emerson's saying that an institution is the lengthened shadow of an individual."

Salem is alive with enthusiasm for the union bimetallic movement. The mass convention Friday will be a rousing one. Business men, professional men, independent men of all parties are lining up for a non-partisan effort, and the talk in the union is in favor of Teller for president with any good able man who has personal convictions against the gold standard for vice president, on a short and simple platform.

C. W. Corby, Woodburn: "If we can unite the silver forces McKinley won't be in it with his gold plank."

W. V. Spencer, McMinnville, secretary of the Bimetallic Union, writes: "Really, what we have to fear now, is that the Democratic convention will nominate silver men at Chicago on a straight up and down Democratic platform. I fear they may, because then union will be impossible. If on the other hand they make a straddle and put up good men, as I think it possible they may do, then the road to union is open and easy."

An old Grand Army man writes from Oregon City: "I was present when the news of McKinley's nomination came over the wires and the dispatch was put on the bulletin board. A few cheered. I called for three cheers for Teller and four-fifths of the crowd cheered with me. The Oregonian said that canons were fired. NO GUN WAS FIRED. Except for Teller and his noble band no enthusiasm was manifested."

The Ideal Panacea.

James L. Francis, Alderman, Chicago, says: "I regard Dr. King's New Discovery as an Ideal Panacea for Coughs, Colds and Lung Complaints, having used it in my family for the last five years, to the exclusion of physicians' prescriptions or other preparations."

Rev. John Burgess, Keokuk, Iowa, writes: "I have been a Minister of the Methodist Episcopal Church for fifty years or more, and have never found anything so beneficial, or that gave me such speedy relief as Dr. King's New Discovery." COUNTY MASS CONVENTION

Of the Union Bimetallic Party, Salem, Friday, June 26, 1896.

In compliance with the call issued for a state convention of the Union Bimetallic party, at McMinnville, Thursday, July 9, 1896, at 11 o'clock a. m. the undersigned hereby unite in a call for a mass convention of bimetalists of Marion county, to be held at Salem, Friday, June 26, 1896, at 11 o'clock a. m. for the purpose of choosing 21 delegates to said convention, and forming a permanent organization in this county. We therefore earnestly call upon all men who favor the use of gold and silver as standard money, and are opposed to the single gold standard, and favor the free and unlimited coinage of both gold and silver, to join in a united effort in convention and at the ballot box until this is accomplished.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. CHENEY & CO., Toledo, O. Sold by druggists, 75c.

The dealer who says, "I have no Hoe Cake soap," practically admits that he does not sell first quality goods. If he says he has something "just as good" you will know at once that he is trying to sell you an inferior article. There is more clothing destroyed by poor soap than by actual wear, as the free alkali rots the cloth. Hoe Cake contains neither free alkali nor worthless filling.
